

**APPLICATION FOR APPROVAL OF NEW CONTAINERS BY PROTOTYPE
ACCORDING TO CHAPTER II OF ANNEX I TO THE CSC**

(Name and Address of Applicant)

(Name and Address of Manufacturer)

Hereby I/we apply for approval of the container type as described in the attached plans and design particulars according to chapter II (Annex I) of the International Convention for Safe Containers (CSC) of December 2nd, 1972.

Requested approvals:

ISO UIC T.I.R. General Cargo Others: _____

The identification of the container type was assigned by the manufacturer(s), stating following identification characteristic(s):

Description:

Type designation: _____
Model: _____
Derived from model: _____
Technical specification: _____
Date of issue: _____
Date of rev.: _____
General arrangement drawing: _____

External dimensions and weights:

Length x Width x Height = _____ x _____ x _____ [mm]
Maximum gross weight = _____ [kg]
Tare weight = _____ [kg]
Payload = _____ [kg]
Net cube = _____ [m³]

Rear door Front door Side door

Standard tests acc. to specification:

Allowable stacking weight for 1.8g: _____ [kg]
Transverse racking test load value: _____ [kg]
End wall strength= 0,4 P Other _____ [P]
Side wall strength= 0,6 P Other _____ [P]
Floor strength test: _____ [kg]
 Air leakage test Heat leakage test Performance test

Fork lift pockets:

one pair two pair

Additional tests acc. to specification:

"One Door Off"- test
Allowable stacking weight for 1.8g: _____ [kg]
Transverse racking test load value: _____ [kg]
 Side lifting test Cargo securing system test
 Others: _____

Owners name: _____

Owners address: _____

Serial number(s): _____

Mfg's number(s): _____

Quantity: _____ unit(s)

Declaration of Manufacturer according to Reg. 5 it. 3 of Annex I to CSC

Hereby I/we undertake that,

1. **According to Article 3 it. 7 of the (Federal) law implementing the CSC,**
 - 1.1 every container built in accordance with the approved prototype will be made available on request for inspection
 - 1.2 any change of design and construction will be made known in writing to the Approving Authority and/or to **Germanischer Lloyd**;
2. **The CSC-Safety-Plate as approved**
 - 2.1 will be affixed to all containers of the approved type, and will not be affixed to other containers;
 - 2.2 will not be affixed to containers of the approved type if there is any change of design and construction, unless this change has also been approved;
3. **Documentation** will be made on all containers built according to the approved type, containing at least the **manufacturers' identification numbers**, date of delivery of each container as well as names and addresses of receivers.
