

Shop Approval of Workshops

Page 1 of 1

for the Manufacturing of Components made of fibre-reinforced Plastics

Within the approval procedure the workshop is to be inspected by Germanischer Lloyd for suitability of its production facilities and adequate qualifications of its personnel.

The decision on the approval of a workshop is based on the data stated in Form F505E and on the report on the workshop inspection. Alternatively, Form F505E may be used for the report, but the scope of the information given should extend those asked for in the form.

The decision on the shop approval will be taken by Germanischer Lloyd Head Office.

The approval is documented by a statement of shop approval.

Note: In connection with a workshop approval the procedure outlined below is to be adhered to:

- At the request of the workshop Germanischer Lloyd will provide Form F505E
- The form is to be completed and signed by the workshop and returned to Germanischer Lloyd Head Office; Dept. MC-MM.
- Germanischer Lloyd Head Office will examine the data stated for compliance with the Rules for non-metallic materials of Germanischer Lloyd
- Given compliance, the application will be forwarded to the Germanischer Lloyd surveyor, who will inspect the workshop.
- The surveyor will forward his relevant report to Germanischer Lloyd Head Office, together with the statement of fees (SOF M+C)
- On the basis of the report the decision on approval will be made and the workshop will be informed accordingly by Germanischer Lloyd.

Enclosure: Form F505E

The latest edition of the General Terms and Conditions of Germanischer Lloyd is applicable. German law applies.
